Summary of Internships

❓ Please note: you can only select one type of internship option per application from the list below. If you want to apply for internships of a different type, you will need to create a separate application. Each of your applications can include up to 5 internships of the same type.

Globalink Research Award: This award is valued at \$6,000 per internship unit. If the project involves an international partner, the amount might slightly vary (depending on the international partner).

☒ Globalink Research Award

해당 프로그램

Globalink Research Award - Ministry of Education and Science of Ukraine: This award is at \$6,000 per internship unit for up to 2 internship units for students registered at a Ukrainian University.

☐ Globalink Research Award - Ministry of Education and Science of Ukraine

NRC-Aachen Globalink Research Award: This award is at \$6,000 per internship unit for up to 2 internship units in collaboration with NRC-Aachen

☐ NRC-Aachen Globalink Research Award

Globalink Research Award – Quantum with International partner: The maximum value of GRA is \$6,000 CAD per internship unit. For a quantum GRA project with a Mitacs international partner, an extra \$3000 is provided per intern.

❓ The maximum value of GRA is \$6,000 CAD per internship unit. Mitacs requires that a maximum of \$1,500 per internship unit be allocated to Research Costs. The remainder must be allocated to intern-related costs: Stipend and/or Travel and Living expenses. Please note that policies regarding the distribution of the award funds can vary according to the Canadian academic institution. Mitacs recommends consulting with the Canadian institution prior to submission for further information.
